Carbondale, PA 18407.

June 28, 1982

Mr. Larry Hartpence
HYDRO-CLEAN, INC.
Post Office Box 155
Moscow, PA 18444

Dear Larry:

Enclosed are the specifications for (1) the cleaning of the exterior masonry of Carbondale City Hall, and (2) the repair and repointing of the exterior masonry of Carbondale City Hall.

As I mentioned on the phone, we would like to get a separate quote for cleaning the complete eastern side of the tower (i.e., the Main Street side of the tower), from the sidewalk up to and including the level of the tower clock. After that side of the tower is cleaned, we can then say to the citizens of Carbondale: "Look at how beautiful the eastern side of the tower looks now that it's cleaned. Give us your dollars so that we can have the remainder of the building cleaned," or words to that effect.

If for any reason you should need to get in touch with me by phone, I can be reached at 800-221-7065, extension 7242. If when you go to Carbondale to have a look at the building, you would like to have someone show you around, let me know a day or two in advance and I will arrange to have someone meet you.

Sincerely,

S. Robert Powell
